Insights and Inspiring Journeys
from Our Esteemed Alumni

Alumni Spotlight

The heart of any institution lies in the achievements of its alumni. Here, we celebrate their journeys, honor their contributions, and share the wisdom they've gained along the way. Let their experiences guide and inspire the next generation.

"I am delighted to provide a testimonial for my college experience. My time at CCET was truly transformative, and I could not be more grateful for the opportunities and education that I received. From the moment I arrived on campus, I felt welcomed and supported by the faculty, staff, and students. The community at CCET is unlike any other, and I quickly formed lifelong friendships with my peers. The professors were not only experts in their fields but also passionate about teaching and mentoring students. One of the highlights of my college experience was the experiential learning opportunities that were available to me. Through internships, research projects, and amazing extra-curricular activity clubs, I was able to apply what I was learning in the

classroom to real-world situations. These experiences helped me to develop valuable skills and knowledge that will serve me well in my future career.

Overall, my time at CCET exceeded my expectations in every way. I am confident that the education and experiences I gained there will continue to shape my life in meaningful ways for years to come. I would highly recommend CCET to anyone looking for a top-notch education in a supportive and enriching environment."

"Remember, setbacks are stepping stones—embrace them as valuable lessons on your path to success."

Niti Gupta

Batch : 2012-2016
Senior Software Engineer at Microsoft

Akash Kumar

Batch : 2015-2019
Senior Product Analyst Searce Inc

"As an alumnus of CCET, I am honored to share my experience at this institution. I can confidently say that my time at CCET was nothing short of exceptional. The college provided a stimulating and conducive environment that helped me develop not only my technical skills but also my interpersonal and communication skills. Moreover, the college's extracurricular activities enabled me to hone my leadership, teamwork, and in time management skills. The campus was vibrant, with numerous student clubs and organizations that provided opportunities for me to pursue my interests and passions. The skills and knowledge I acquired at the college proved to be invaluable in my career, and I will always be grateful for the foundation that CCET provided me. I am also thankful to TPC, CCET for helping me in getting my first corporate experience at Infosys which really helped me in creating powerful and inspiring story of reaching where I am today. Today, I am pursuing my MBA from prestigious and world renowned institute that is IIM Lucknow, and I can say with confidence that CCET played a significant role in shaping my academic and professional journey. I am proud to be an alumnus of this institution."

"Stay adaptable—industries evolve rapidly, and your ability to learn and unlearn will set you apart."

Rudraksh Ravi sondh

Batch : 2015-2019
Officer Trainee IRS- Income Tax

"As an alumnus of CCET college, I take this opportunity to express my gratitude towards my college and TPC cell for the role they played in my journey.

While the academic curriculum helped prepare me for adequate skills needed for future, teachers support and guidance helped me walk the right path.

Lastly, I would specially like to note how being part of TPC and other clubs (Aos, Dramebaaz, NCC etc) gave opportunities to learn and interact with seniors and a more professional environment we deal with in future.

To sum up, my four years here were like a cocoon, a warm protection from the outer world while helping me develop wings to fly! "

"Always be curious and willing to learn—your journey doesn't end after graduation; it's only the beginning."

Kavya Jindal

Batch : 2016-2020

Creative Director & Founder: KAYSTLE

"A heartfelt congratulations to the entire team at the "Training and Placement Cell" for their outstanding efforts in fostering a supportive and dynamic environment for students. Your dedication in creating opportunities that nurture their passion, along with your continuous support, plays a pivotal role in empowering students to reach their full potential and achieve greater heights. Your commitment to their growth and success is truly commendable."

"Don't be afraid to take risks early in your career; they often lead to the greatest growth and learning."

**Aamyia Nagpal**

Batch : 2018-22

Software Engineer at Gemini Solutions

"My journey began at CCET, Chandigarh, an institution that played a pivotal role in shaping my career and aspirations. The supportive faculty and strong academic foundation nurtured my confidence and problem-solving abilities, preparing me to navigate the challenges of the professional world.

After graduating, I joined Gemini Solutions as a Software Engineer. Working on impactful projects allowed me to sharpen my technical expertise and appreciate the strategic role of technology in business. Seeking to expand my horizons, I embarked on my MBA journey at IIM Mumbai.

Life at IIM Mumbai has been transformative, offering a blend of rigorous academics and collaborative opportunities. It has not only enhanced my knowledge."

"Network actively and build relationships—they're often the key to unlocking unexpected opportunities."

Aashi Gupta

Batch : 2019-2023
Pursuing MBA from MDI Gurgaon

"I am Aashi Gupta, an ECE graduate (2019–23) from CCET, where I secured 1st rank in my branch. Currently, I'm pursuing an MBA from MDI Gurgaon. My time at CCET was a blend of academic rigor and enriching extracurriculars that shaped my growth. I decided to pursue an MBA during my final year, scoring 98.77 percentile in CAT 2022. Involvement in clubs like Achintyam, Apostle of Speech, RoboKnox, and the TPC honed my leadership, communication, and teamwork skills. These experiences not only enhanced my CV but also helped me excel in interviews and group discussions. At MDI Gurgaon, I'm building on these skills through a dynamic curriculum and collaborative projects. To the upcoming batch: experiment fearlessly. Join clubs, participate in competitions, and embrace challenges. It's about more than building a CV; it's about discovering your strengths and gaining experiences that will open doors professionally. Every role and challenge adds value, make the most of your journey.."

"Passion fuels success, so pursue a career that aligns with your interests and values."

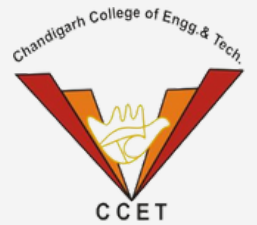

Jatin

Batch : 2019-2023
Operations Excellence Engineer Sark
Group

"As the Head of the Training and Placement Cell (TPC) at CCET, I've witnessed the immense effort that goes into securing placements for our students. It's not just about calling companies; it's about building strong relationships, negotiating opportunities, and ensuring our students are ready for the real world. The hard work behind the scenes—from reaching out to recruiters to conducting mock interviews—requires dedication and persistence. A special mention must be made of Dr. K.G. Sharma, our Dean of TPC, whose tireless efforts and leadership have been a driving force in improving our placement rates. His vision and commitment to enhancing student careers have been instrumental in creating a strong network of companies and ensuring our students are always well-prepared. Thanks to the collective hard work of the entire TPC team, including Dr. Sharma, our placement rates have steadily increased each year, reflecting CCET's focus not only on academic excellence but also on shaping successful careers. I am proud to have been part of this journey, and it's clear that the dedication of the TPC team is a key reason for our success."

"Focus on developing soft skills like communication and teamwork; they're just as important as technical expertise."
